Evento: WSK Final Cup – Adria Karting Raceway

Kosmic Kart Racing Department

LAST 2017 CHALLENGE

The Final WSK race taking place next weekend in Adria will give us the opportunity to end the season positively.

The unlucky conclusion of the first round in OK class, with Karol Basz out of the games after having consistently run in the first positions, does not stop us from watching with optimism the race that will close the WSK Final Cup and the season.

Karol is, however, fifth in the standings and we will be able to count on his chance to recover, thanks to the highest scores that will be assigned in the final race.

Oliver Rasmussen, in KZ2, aims to further improve his tenth position in the standings. Our Danish driver wants to take advantage at best of the good potential shown last weekend.

Good chances of making a good performance are also those of Roman Stanek and Rafael Camara. Our two OKJ drivers have shown, with the dry track, that they can be among the first and aim at the podium.

You will also be able to live all the moments of the WSK Final through the official social Facebook @ Kosmickart.official and Instagram pages. The finals will be live streaming on the official channel www.wskarting.it, starting from 10.30 am on Sunday, November 12th.
