Evento: Tony Kart Racing Team – WSK FINAL CUP 2nd Rnd. Adria Karting Raceway

TONY KART RACING TEAM

FINAL ROUND IN ADRIA

After the spectacular success of Gustafsson in OKJ class obtained in the first round of the WSK Final Cup, the second and final challenge is at the start.

On the Adria Karting Raceway, our drivers are on track for the event that will close the Racing Team's season. The second (and final) round of the WSK Final Cup will see us running to gain OK and OKJ titles, with David Vidales and the above-mentioned Viktor Gustafsson.

Andrea Antonelli, in the Mini class, though in fifth place, will have great opportunities to obtain the success, thanks to the good performance shown in the unlucky race, last weekend.

The second round of the Final Cup provides higher scores than those assigned in the first round. For this reason, it will be undoubtedly an exciting event.

Every moment of our drivers' weekend can be followed live on our social [Facebook@tony.kart.official](https://www.facebook.com/tony.kart.official) and Instagram pages and through the live streaming at www.wskarting.it (starting from 10.30am, November 12th).
