

**WSK PROMOTION'S SUPPLY CHAIN: A GREAT STRUCTURE THAT TAKES CARE OF DRIVERS AND FOLLOWS THEM FROM KARTING TO MOTORSPORT WITH A TOP CLASS STAGE. FROM WSK SUPER MASTER SERIES TO ITALIAN F.4 CHAMPIONSHIP POWERED BY ABARTH, WSK IS ALWAYS ON TRACK.**

ADRIA (ROVIGO, ITALY), APRIL 21<sup>ST</sup> 2018

**A GREAT STRUCTURE FOR GREAT DRIVERS.**

A racing weekend marking the switch from karting to single seaters is underway for WSK Promotion's structure. Following the successful end to the WSK Super Master Series two weeks ago in Sarno (Salerno, Italy), the big organization of WSK moved to the Adria International Raceway in Adria (Rovigo) for the opener of the Italian F.4 Championship powered by Abarth. This is an important moment of the season, that represents a symbolic follow through for the drivers that have been looked after by WSK Promotion, the Italian promoter that sets up several great motor-racing events guiding them from karting to international Motorsport.

**WSK INSTRUMENTS ALWAYS AT WORK.**

WSK Promotion's equipment and personnel are always working around the clock. This solid group of people and structures has amazing performances. In order to meet the demands of such important racing programmes, the Italian promoter has acquired vehicles and mobile structures and fit them with the latest instruments available: technological trucks for race directors equipped with tools to monitor the racing action in all spots of the circuit, to provide high-quality videos and to implement the live streaming feed for each event. Alongside these, important welcome structures equipped with air conditioning to deliver a great service throughout the season hosting all the guests of the events, as well as communication staff. These highly specialized instruments alternate following all the different needs of the various Motorsport disciplines in which WSK Promotion operates.

**WSK TRUCKS FROM KARTING TO FORMULA 4.**

Structures and equipment are transported and set up on the circuits by the WSK Promotion vehicles fleet. This weekend these structures are in full operation at the circuit of Adria set up in Formula 4 mode. The season opener has brought back the two stories mobile structure used for motorsport events: two floors are available with a big space to welcome all the drivers of F.4 events, while several smaller meeting rooms can house restricted meetings. From karting to F.4, WSK Promotion's presence in the paddock always stands out and has become a benchmark for all the protagonists
