AN EXCEPTIONAL LIST OF CHAMPIONS. A great and spectacular racing weekend will take place in Lonato with more than 240 drivers on track including a lot of champions in all categories. The presence in KZ2 is quite remarkable and reached 70 drivers. Despite the difficulties connected to the pandemic that is still hitting a lot of countries and making movements difficult, OK, OKJ and MINI will also enjoy a good participation of drivers. The provisional classifications of WSK Euro Series after the opener in Sarno are led by BirelART's Riccardo Longhi (KZ2), by the British driver Oliver Gray of team Leclerc by Lennox (OK), the Czech Igor Cepil of team KR Motorsport (OKJ) and the Japanese Kean Nakamura Berta of Team Driver (MINI). Everything can still happen in Lonato because two more rounds are ahead and they will have an increased scoring system compared to the opener.
