SUPERKARTS! USA CONFIRMS 2023 WINTER SERIES AND PRO TOUR CLASS STRUCTURE

KA100 Master category given entry deadline for winter series inclusion

TEMECULA, CA (December 27, 2022) – Two months after a successful 25th running of their SuperNationals in Las Vegas, Superkarts! USA is set to begin its 2023 racing season in mid-January at the AMR Homestead-Miami Motorplex presented by MG Tires in south Florida. The sixth edition of the SKUSA Winter Series will once again be based out of the Homestead facility with two doubleheader weekends in January and February.

The class structure for the series remains virtually identical to the 2022 edition, except for the dropping of X30 Master and the potential addition of the KA100 Master class, which made a stunning debut at the SuperNationals with 47 entries. SKUSA has officially removed the X30 Master class from the Winter Series and Pro Tour and is now putting the future of the KA100 Master program on the national level into the hands of the racers.

The IAME KA100 powered Master category made an impressive late push for SuperNationals 25 to get to the required 25 pre-entries, and then momentum took the class through to a full field. This massive interest and support in the category motivated SKUSA to provisionally add the class to the Winter Series and Pro Tour. With the opening rounds of the Winter Series now just over two weeks away, SKUSA is requiring a minimum of 10 entries to the January event by December 31, 2022.

“The KA100 Master debut at the SuperNationals was exciting to see, and now our goal is to help carry the momentum into the 2023 season,” added SKUSA President Tom Kutscher. “We’ve seen the category grow at the regional level across the country over the last few seasons, and the SuperNationals shows the interest in keeping a single-speed Master category at the national level.”

2023 SKUSA Winter Series and Pro Tour Class Structure

Pro Shifter
Master Shifter
X30 Senior
X30 Junior
KA100 Senior
KA100 Junior
KA100 Master
Mini Swift
Micro Swift

Registration continues to remain open for the first weekend of the 2023 Superkarts! USA Winter Series program, available at superkartsusa.com or via the [MotorsportsReg.com SKUSA page](https://www.motorsportsreg.com). The deadline is set for January 9, 2023 at 11:59pm PST. Pit Spot Reservations are also available for the weekend, including the current pit map and track map, featuring the circuit in the counter-clockwise direction for the January weekend. Complete details are available on the [SKUSA Winter Series](#) page.

About Superkarts! USA:

Established in 1995, Superkarts! USA is dedicated to shifterkart and single-speed racing, and is the leader in the field, promoting three regional racing series and two national racing series. Racing programs taking place in 2022 include California, Florida, Louisiana, Indiana, Texas, Utah and Mexico, in cooperation and support from official tire supplier MG Tires and the Evinco line of race tires. The organization is hosting the 13th edition of the SKUSA Pro Tour with six rounds over three events racing coast-to-coast. SKUSA is set for the return of the SuperNationals, the largest kart race in the world, with the 25th edition to be held in Las Vegas, NV this November 16-20. For more information on SKUSA, please visit www.superkartsusa.com.
