TONY KART RACING TEAM: 2023 DRIVERS AND RACES

The official sporting programme for the new season has been completed, with 20 drivers lined up in the MINI, OKJ, OK and KZ/KZ2 categories, in the main international competitions.

We are just a few weeks away from the start of a new and intense international racing season. Our **Tony Kart Racing Team** is ready for the 2023 challenge, with the aim of repeating the successes it is used to achieve and that in the last few years became true with the victory of the FIA Karting World Championship in OKJ, in 2022, and the double success in KZ and OK classes, in 2021.

Our team has to face this year a calendar full of appointments, set up on the traditional races promoted by the **FIA Karting**, **RGMMC** and **WSK Promotion**. An intense sporting programme that, obviously, will be

raced counting on the reliability of our **Tony Kart Racer 401 RR** (for **KZ/KZ2, OK** and **OKJ** categories) and **Tony Kart Rookie** (for the MINI), powered by the **Vortex** engines, the OTK Kart Group's Engine Division.

In **KZ/KZ2**, our sporting department will be led by **Noah Milell**, already World Champion in 2021, joined - as in last year's races - by **Tom Leuillet**, European KZ2 Champion in force. Confirmed are also the **Luyet** brothers, **Jean** and **Samuel**, as well as the young **Norton Andreasson**, in his second full season in the shifter class.

In **OK**, the vice-champion of the Champions of the Future Euro Series **Luigi Coluccio** will again find **James Egozi** and **Jakub Rajski** at his side. **Jan Przyrowski**, already winner of the OKJ title in the WSK Euro Series and third classified at the FIA Karting World Championship, will this year face his first full season in the Senior category. After having competed a few rounds in 2022 in our official colours, **Sebastiano Pavan** will be part of our full-time racing team, together with new-entry **Arthur Poulain**. Finally, **Zoe Florescu Potolea** joins our team as part of the Junior Girls on Track - Rising Stars programme, in collaboration with the FIA Women in Motorsport Commission and Ferrari Driver Academy.

In **OKJ**, **Alp Hasan Aksoy** is getting ready to defend our colours for the second year, together with two new entries: **Kirill Dzitiev**, WSK Super Master Series vice-champion in force, and the **Davide Bottaro - Scott Kin Lindblom** duo, who both switched to the Junior class in the second half of the 2022 season.

More drivers lined up by our Racing Team in the **MINI**. **Ludovico Mazzola**, already with the team last year in the last events of the season, will be employed full-time for 2023, together with **Ilie Tristan Crisan**, **Sebastian Eskandari-Marandi** and **Andrea Manni**.

The 2023 season will start in Lonato del Garda (February 2nd – 5th) on the occasion of the first round of the WSK Super Master Series.

TONY KART RACING TEAM: I PILOTI E LE GARE DEL 2023

Definito il programma sportivo ufficiale per la nuova stagione, con 20 piloti schierati tra le categorie MINI, OKJ, OK e KZ/KZ2 nelle principali competizioni internazionali.

Mancano poche settimane allo start di una nuova e intensa stagione agonistica internazionale. Il nostro **Tony Kart Racing Team** è pronto alla sfida che propone il 2023, con l'intento di replicare i successi che è solito conseguire e che negli ultimi anni si sono concretizzati nella vittoria del FIA Karting World Championship in OKJ, nel 2022, e nel doppio trionfo in KZ e OK, nel 2021.

La nostra squadra ha davanti a sé un calendario ricco di appuntamenti, articolato sulle tradizionali gare promosse da **FIA Karting**, **RGMMC** e **WSK Promotion**. Un intenso programma sportivo che, ovviamente, verrà affrontato con la sicurezza di poter contare sui nostri **Tony Kart Racer 401 RR** (per le categorie **KZ/KZ2**, **OK** e **OKJ**) e **Tony Kart Rookie** (per la MINI), spinti dai motori **Vortex**, Engine Division di OTK Kart Group.

In **KZ/KZ2**, la nostra divisione sportiva sarà guidata da **Noah Milell**, già campione del mondo nel 2021, affiancato - come accaduto nelle ultime gare dello scorso anno - da **Tom Leuillet**, campione europeo KZ2 in carica. Confermati anche i fratelli **Luyet**, **Jean** e **Samuel**, così come il giovane **Norton Andreasson**, alla sua seconda stagione completa nella classe col cambio.

In **OK**, il vicecampione della Champions of the Future Euro Series **Luigi Coluccio** ritroverà di nuovo al proprio fianco **James Egozi** e **Jakub Rajski**. **Jan Przyrowski**, già vincitore del titolo OKJ della WSK Euro Series e terzo classificato al FIA Karting World Championship, affronterà invece la sua prima stagione completa nella categoria Senior. Dopo aver disputato alcuni appuntamenti nel 2022 con i nostri colori ufficiali, **Sebastiano Pavan** farà parte della nostra squadra corse a tempo pieno, insieme alla new-entry **Arthur Poulain**. Infine, **Zoe Florescu Potolea** entra a far parte del nostro team all'interno del programma Junior Girls on Track - Rising Stars, in collaborazione con FIA Women in Motorsport Commission e Ferrari Driver Academy.

In **OKJ**, **Alp Hasan Aksoy** si prepara a difendere i nostri colori per il secondo anno, affiancato da due nuovi innesti: **Kirill Dzitiev**, vicecampione in carica della WSK Super Master Series, e la coppia **Davide Bottaro - Scott Kin Lindblom**, entrambi passati alla classe Junior nella seconda metà della stagione 2022.

Aumentano i piloti schierati dal nostro Racing Team nella **MINI**. **Ludovico Mazzola**, già presente in squadra lo scorso anno negli ultimi impegni stagionali, verrà impiegato full-time per il 2023, assieme a **Ilie Tristan Crisan**, **Sebastian Eskandari-Marandi** e **Andrea Manni**.

La stagione 2023 partirà a Lonato del Garda (2 – 5 febbraio) con il primo round della WSK Super Master Series.
