San Martino del Lago, Cremona (ITA), 24.11.2024

It was an intense and hard-fought weekend for the second round of the WSK Final Cup held at the Cremona Circuit, decisive in crowning the category champions after the first round in Lonato and the concluding event for the 19th season of WSK Promotion. At stake were the titles of all categories, from the smallest MINI to the international OK, OKJ and KZ2, and the two national categories OK-N and OK-NJ which completed the 2024 edition of the WSK Final Cup.

This second round once again saw excellent participation, with 316 drivers verified out of 350 entries, coming from virtually all over the world, with 43 nations represented, for a top-level international spectacle with the usual presence of all manufacturers and major teams. With the first round in Lonato seeing a presence of 389 drivers, the WSK Final Cup 2024 thus closed with a total of 705 drivers verified.

After 39 qualifying heats and beautiful weather throughout the weekend, at the Cremona Circuit the final phase developed with the Prefinals and Finals of all categories, particularly important in this second round due to the higher points awarded compared to the first round, which led to an increase in the number of contenders for the final victory.
