

FIRST APPEARANCE OF THE SEASON FOR THE CRG RACING TEAM IN LONATO

This weekend, a selection of **CRG official drivers** will take part in the **3rd Round of the WSK Master Series** scheduled on the Lonato track. This is an **important technical shakedown for the team**, which will make its first official appearance in the race led by the new **Team Principal Jeremy Iglesias**. The former French driver will be assisted by **Natalia Balbo** and **Brandon Nilsson**, who led the team last year and, after the intense winter testing programme, the Lonato event will be very useful for refining all the management balances in the context of the short and frenetic times of a race weekend.

There will be many reasons of interest linked to this first seasonal race for the CRG Racing Team, including those linked to **the debut of some drivers on whom CRG has decided to rely on for this 2025 season**. In the **OK Junior category** there will be **3 drivers** racing this weekend: the debutants **Daniel Mirón** and **Matteis Stigsen** and the confirmed **Asher Ochstein**, in his second season with CRG colors in OKJ. All Junior drivers will use lame engines from BM Motors. In the OK class, however, the work will be entrusted to 4 drivers, among whom **the return to the direct drive categories of Viktor Gustavsson** has attracted a lot of attention, as he will be the only driver in the team to use TM engines. Alongside the Swedish driver, CRG will line up with lame engines **Sebastian Minns**, **Timur Shagaliev** and **Filippo Donanzan**. CRG will also have a **solid presence in the youth categories** in this meeting, with **Archie Tyler** in the **OKN Junior category** and with **4 drivers in the MINI** ones: **Leo Laitinen** and **Adam Pirvu** both in Gr.3, as well as **Daniel Pasquali** and **Blake Hsueh** in the Under 10 category.

The weekend program includes Free Practice today and tomorrow, while Qualifying Practice and the first Heats are scheduled for Friday and will continue on Saturday. The final day on Sunday includes the Super Heats in the morning and the Finals in the afternoon. To follow the action on the track, both **Live Timing** and **Live Streaming** will be available on the promoter's official website (www.wskarting.it).
