Viterbo (ITA), 15.02.2026

Viterbo at the turning point of the championship.

The Viterbo round of the 2026 WSK Super Master Series represents the championship's halfway mark and promises to be a crucial stage before heading into the final stretch with the rounds in Lonato (March 8th) and Franciacorta (March 22nd). The incremental points system for this third event—offering more points than the previous rounds in La Conca and Sarno—will provide a major boost for those already leading the standings, while offering a massive opportunity for those playing catch-up.

Ten different winners in the first two rounds.

Across the first two rounds of the WSK Super Master Series, no fewer than ten different drivers have stood on the top step of the podium across the MINI U10, MINI Gr.3, OK-NJ, OKJ, OK, and KZ2 categories. This statistic perfectly highlights the balanced level of competition and the extremely high caliber of the field, which features competitors from 60 nations and the presence of all the major manufacturers and top international teams.
