

# UPDATED 2026 FIA KARTING ARRIVE AND DRIVE CALENDAR ANNOUNCED

26 Mar 2025

An updated calendar has been approved by World Motor Sport Council for the 2026 FIA Karting Arrive and Drive championships to further increase the accessibility of the format and offer more opportunities for young drivers to compete on the global stage.

Brazil has been confirmed as the host of the South American Arrive and Drive Championship which will take place as a single round at the Kartódromo Internacional de Imperatriz over 2-4 October, subject to circuit homologation. The championship will offer drivers across South America an incredible opportunity to compete on their home continent in a format that significantly reduces participation costs by up to two thirds.

The FIA has also announced the 2026 Arrive and Drive European Championship will now be held as a single round event at the Autodrom Słomczyn in Poland from 17-19 July. The decision to update the championship structure from three rounds to one was made following constructive consultation with competitors and FIA member clubs (ASNs) where it was agreed this structure to broaden the reach of the championship and reduce the commitment required to participate in Arrive and Drive this year.

The full cost of entry to the FIA Karting Arrive and Drive European Championship will therefore now be €4950 which includes use of the kart, engine, slick tyres, fuel, trolley and paddock tent. Drivers who have already applied for the championship will be refunded the cost difference.
