

03/04/2026

Entries open for the FIA Karting Arrive & Drive European Championship

Dates and [registration procedures](#) for the FIA Karting Arrive & Drive European Championship have now been officially confirmed.

The final 2026 calendar includes the following rounds:

European Championship

- 17-19 July - Słomczyn* (Poland)

Registrations are now open and available to drivers, without any selection by national ASNs. The competition is open to anyone, **until the maximum number of entrants** for each category is reached: 56 Senior drivers and 56 Junior drivers.

The championship registration system operates in **time slots with geographical priority**. **Registrations are now open, until May 27th**, for drivers holding European/African licenses only. From **May 28th to June 17th**, registrations will be extended to **all drivers**, subject to seats still available.

The FIA Karting Arrive & Drive European Championship 2026 represents a significant step in the careers of those attending it: the best Junior and Senior drivers of the series will qualify for the FIA Karting Arrive & Drive World Cup 2026.

For the 2026–2027 season, OTK Kart Group is the championship's exclusive technical partner, supplying Kosmic Kart Mercury T chassis – the flagship model of the brand's racing range – and Vortex Engines SV (Senior) and SV Junior (Junior) engines. A single technical package, identical for all drivers, will be supplied directly at the track by OTK staff, with the aim of ensuring maximum fairness and identical conditions for every driver.
