Superkarts! USA regional program gearing up for five-event schedule beginning in Southern California

TEMECULA, CA (April 17, 2026) – The 2026 season for the Superkarts! USA ProKart Challenge marks the 22nd edition of the organization's flagship regional program. The championship is coming off a strong 2025 season that featured increased numbers from the last several years, enjoying a schedule that featured three premier facilities. This year's championship format features the same three circuits in a five-weekend, six-round, one-drop structure to welcome drivers from all across the western half of the United States.

The 2026 Superkarts! USA ProKart Challenge is set to begin on April 24-26 at the popular K1 Circuit. The Winchester, California facility opened its doors to SKUSA competition for the first time at the end of 2024, welcoming huge numbers over the two weekends of racing. The ProKart Challenge program visited K1 Circuit three times in 2025 and will return for two visits in 2026. One of the country's newest karting facilities returns to the Superkarts! USA ProKart Challenge schedule for 2026. The Spring Mountain Motor Resort and Country Club facility and the Spring Mountain Karting Complex in Pahrump, Nevada welcomed SKUSA for the first time in 2025 and will host Round Five of the 2026 championship on September 12-13.

The second visit to K1 Circuit will serve as the 2026 SKUSA ProKart Challenge season finale, scheduled for October 3-4.
